### **Ways to Get Involved**

**-Travel with *The Village Experience*** to visit one of their partner villages in Kenya, Uganda, Ethiopia, Jordan, Thailand, India, or Guatemala. One of the best ways to give back is to contribute to socially responsible tourism – often the backbone of the economy in the developing world.

**-Shop their online fair trade store** to purchase products produced by women's cooperatives around the world. The more they sell, the more women they can employ!
